

Reflecting on a Fantastic Year

We're ending 2018 on a high note. This week we hit our record number of orders since transitioning to our new shopping website this past May. We feel lucky that we are able to offer healthy foods that feel useful to our members! We couldn't have had the success that we have without your participation. We appreciate all of you that provided useful feedback and encouragement when we needed it the most. We also appreciate everyone who told their friends and neighbors about what we offer. We hope that we have helped make it a little easier to incorporate more healthy foods into your meals. We also would like to thank all of our volunteers that help make the distribution happen week after week.

We depend on volunteers to help pack our orders and make sure that all of the distributions run smoothly. They have each put hours of time and effort into making their distributions visible, accessible, and fun! We're excited for another year of supporting our local growers and offering healthy foods to members in our communities. Thank you all for being part of MoGro!

Looking forward to what's coming...

We have a lot of goals and projects we are planning to work on in the new year, the first of which is our online presence. We have recognized a need to make our website more true to who we feel that we are as an organization. This means a few things, but most importantly: more photos! Photos of our members, our sites, our food, and our volunteers. We feel proud of all of our friends and neighbors that make MoGro possible and we want to share it with everyone. We will be hiring a photographer, taking a few photos ourselves, and having our volunteers at each site take some as well.

We want to encourage all of you to take photos too! We would love to see photos of the meals you create with MoGro Share items, photos of your families and whatever else you feel captures the essence of MoGro. We feel that this is a community-driven and community-supported organization and we want to see what that means for all of you!

This Week's Share Items & Local Farms

Fuji Apples

Carrots

Watermelon Radish

Cucumber

Avocados

Kiwi

Grapefruit

Bonus Item

Vida Verde

Schwebach Farm
